**2000 - 2006**
**OLV. TEN-DOORN - EEKLO**

- Techniek - Wetenschappen (now: Biotechnological and Chemical Sciences)

## IT SKILLS

- Java (JavaFX, Spring Boot)
- JavaScript & React-Vite (html/css)
- Kotlin (Android & Jetpack-Compose)
- C# & .NET
- Python & Pandas
- MySql & SQL Server
- PHP & Laravel (TALL- stack)

## LANGUAGES

- English (Native)
- Dutch (Fluent)
- French (Basic)

## PROFILE

I'm an open-minded person with an inquisitive nature and an eagerness to learn about a broad range of subjects.
After my recent graduation as **bachelor of applied computer science** I am now seeking an Entry Level position as **Software Engineer/Full Stack Developer**.

## WORK EXPERIENCE

**Internship at IT1 - Dendermonde** 2026 - 2026

Full Stack Developer internship focused on developing and enhancing SaaS applications using PHP (Laravel) with Livewire and Filament, working alongside experienced developers.

**Wase Werkplaats - Temse/Zele** 2011 - 2021

Industrial Printing Operator

- Temse: Designing labels in CodeSoft, maintaining and working with various types of thermal printers to create labels for all the products the company sells. Sometimes contacting the clients to enquire about the designs.
- Doing Quality control checks of the finished pharma products.
- Zele: Printing blister cards on an industrial scale for various Electronics companies.

**Various Interim Jobs** 2007 - 2011

**Alcon Laboratories - Puurs** 2007 - 2007

Chemical Laboratory Technician

- Working in a normalized laboratory environment creating basic solutions (Ph. - substances) that served as the basis for processing further down the line in a sterile lab (clean room) to create pharmaceutical salves used mainly for eye surgeries.

**Moerbeke Sugar Factory** 2006 - 2006

Lead Sample Quality Control Analyst

- One of two Inspectors responsible for quality control of incoming sugar beet shipments, mainly handling administrative tasks.
- We were heading a team of 5 people whose job it was to test the quality of a sample of the incoming shipments to see if they conformed with certain standards (laboratory).

## HOBBIES

- Videogames
- Sci-fi movies
- Walks in the countryside
